## Term 4 all together again!

School was a hive of excitement on Monday, with everyone catching up and sharing their experiences from last term. Everyone was clearly pleased to be back at school. Most COVID safe processes remain. Drop off and collection in Webster St for students in Grades F– 2 and Nettle St for students in Grades 3-6. The fast drop off lane continues. Families are reminded to practise appropriate social distancing around school entry and exit points. Essential visitors only on site and assembly and large group gatherings are not allowed. The Infrared temperature testing process will only be used at the direction of the DET and I will notify families via email if this commences. Working together to keep us all safe!

## Sun Smart Policy for our return in Term 4:

Our school's Sun Smart policy requires the compulsory wearing of sun smart hats from 1st September until 30 April each year. We ask all families to organise an appropriate hat for use at school. It can be **navy** or **purple**—both are available at Noone's Uniform supplies. Thanks to the quick responses to this.

## Garden work:

Congratulations to Sara and the on– site crew, who were successful in achieving a grant to support the seedling distribution programme. It has great to watch my plants growing at home in the warmer weather and the changes happening in our school garden too.

## Term 4 activities:

A range of activities are being explored (within COVID safe plans) and guidelines. Whilst we cannot have large on—site gatherings like assemblies, the art show or our school fair— we will continue to be creative with options. There will still be activities at school for the Foundation and Grade 1/ 2 students instead of their after school tea and sleepover. The Grade 6 students will still have a graduation Ceremony! Watch this space for details to follow.

## We want our parents to tell us what they think!

The Parent Opinion Survey is an annual survey offered by the Department of Education and Training that is conducted amongst all parents. It is designed to assist schools in gaining an understanding of parents' perceptions of our school's operations. Our school will use the survey results to help inform and direct future school planning and improvement strategies. All parents will be invited to participate in this year's survey. *All responses to the survey are anonymous.* This year, the Parent Opinion Survey will be conducted from **Monday 12<sup>th</sup> October to Friday 13<sup>th</sup> November**. The survey will be conducted **online**, only takes **20 minutes** to complete, and can be accessed at any convenient time within the fieldwork period on desktop computers, laptops, tablets or smartphones. An individualized access link will be emailed to families on 12th October.

# Music

## WELCOME BACK!

I was very excited to welcome everyone back to school on Monday and we've started off by playing a range of instruments in Music.

### GRADES P-2

This week in the junior grades, we are playing djembes, a traditional African drum. We've learned three ways to make different sounds by hitting the drum skin in different spots and with different parts of our hands.

We've also been learning simple rhythms and played Rumble Ball with the Djembe Monster!

### GRADES 3-6

Grades 3-6 have also been using instruments. Grades 3/4 are playing ukulele, while the 5/6 grades have a choice between playing ukulele, electric keyboards or guitar. We're just getting started, but it won't be long until we have some new skills to share.

## This term in...

### P.E.

Welcome back to all students, it was fantastic to see you all around the school again today. I am looking forward to getting our PE program back up and running. This term we will be having more house competitions during lunch times with Ultimate Frisbee and Basketball the most highly requested sports.

**Walk to School 2020**  
Walk, ride or scoot and build healthy habits for life.

This week your class will receive a walk to school calendar, try and walk, ride or scoot to school as often as you can this month and mark your walks on the calendar. If you live further away remember park and walk options are encouraged also. We will also be participating in Jump Rope for Heart later in the term, more information on this in coming weeks. Have an excellent first week back!

Mr Tooley

### Art

We have a huge term planned in Art this term. We will finally get to work with the clay that I know everyone has been so excited to create with. Along with making things with clay and breaking in our fancy new kiln, we will be working on drawing from observation with our annual Term 4 drawing of an actual bike that I bring into the art room.

We will have fun creating art inspired by our costumes during book week and will also get into some Christmas activities later in the term (these activities are always optional and can be easily modified for those who don't celebrate).

There will also be plenty of time for the students to work on their own passion projects, which I know they will all be itching to do after so long away from the art room.

If someone is unlike you,  
seek to understand them.

TREAT OTHERS AS YOU WOULD  
LIKE THEM TO TREAT YOU

The 'Golden Rule' is one that is well known to most of us. It underpins everything we say and do in life. If we can just keep this rule in mind and treat others the way we would like to be treated, both out in the 'real world' and online, then the world would be a much kinder place for all of us. This is something we discuss in our classrooms here at school—to be considerate of other children and adults in the school, to think before we do things, and to seek to understand if we don't know why someone is doing something we don't like.

Here are some picture books that can help children to understand what this very important rule means:
